

SL-10

THEATER KARAOKE LOUDSPEAKER

Description

SL-10 is a multi-functional full range loudspeaker system with 2-way design. The loudspeaker is equipped with a 90°*50° rotating square plastic steel horn, with a 10" high power ultra-low distortion bass driver and 1" horn compression driver unit. As a 2-way system, SL-08 can be either driven directly or matched with a dual-amplifier system to achieve extremely high output. Ideal for use in home theater, villas and private club, and provide powerful sound solutions.
